Project Proposal

Date Due: February 6, 2026

Total: 100 marks*

You need to submit your proposal together with a sort explanation for the reason of choosing the proposed language. You must also include some tentative bibliography (the sources that you will use for your project).

You must also include the confirmation code received from the server to validate your choice (just cut and paste the message received when selecting the language – it must include the **confirmation code**[1], otherwise you have an error and your selection is not valid).

By not submitting the proposal you get 0 for your project.

Do not use ChatGPT. Using AI tools for generating any assignments has as a consequence a 0 in the whole course.
